

ANAESTHESIA LABELS & TAPES CATALOGUE

Helping caregivers correctly communicate injectable medications to prevent confusion or mistakes in administration

ANAESTHESIA LABELS & TAPES

Meet critical Patient Safety & Regulatory Guidelines with accurate medication labeling.

Agile Medical's Anaesthesia Labels & Tapes help prevent medication errors caused by the use of unlabelled or mislabelled medications and other procedural breakdowns that can have a fatal impact on patients. Safe medication practices are critical to patient safety and preventing adverse drug events.

- Accurate medication identification
- Compliance with specific international guidelines and regulatory requirements
- ASTM standardised colours, drug classifications and required identification fields
