Clean Linen Trolleys

Our range of aluminium clean linen trolleys offer a sturdy and easy to clean solution that enables porters to easily transport clean linen supplies throughout the hospital.

- Manufactured from anodically oxidized AlMg3 light alloy (10 micron).
- Equipped with 2 internal shelves.
- 4 swivel wheels (Ø100mm) in non-marking grey rubber and rubber protection bumpers.
- 2 x 270° closing blue laminate doors.
