Agile Medical

Careful and hygienic handling of linen is the basis for many crucial processes in hospitals. Agile Medical offers a comprehensive range of clean and soiled linen trolleys, suitable for applications hospital-wide. They meet the highest quality standards from the material to the workmanship and guarantee optimum functionality and safety in daily use.

Clean Linen Trolleys

Lightweight, easy-to-clean trolleys suitable for the storage and transport of clean linen at department level. Transport clean linen between bed bays whilst ensuring the linen remains fresh and protected from potential contamination.

- Lightweight, anodised aluminium body
- 25kg load capacity per shelf
- 4 swivel castors (Ø100mm) with protective rubber bumpers
- 2 fold-back doors, with magnetic stop in rest position
- ABS anti-slip top surface
- Suitable for disinfection
