

Overbed Table

Engineered for ease.

Built for use in busy ward environments, the Overbed/chair table benefits from an easy clean, seamless ABS top with retaining edge to prevent build-up of infection and protect patients and nurses. Patient needs are easily and safely met with the glide-assist height adjustment mechanism.

Features:

- White, easy clean ABS top with retaining edge
- Single handle to adjust height and angle.
- Diagonally lockable 50mm twin wheel castors.

Dimensions:

Width (mm) 830, Depth (mm) 430

Hydraulic Height Adjustment:

830 - 1050mm
